YUHUAN KAIDA COPPER INDUSTRY CO., LTD.

is established in 2002, located in Yuhuan City, Zhejiang Province
The companyhas more than 600 employees, plant area of 31800 square meters. Kaida

YUHUAN KAIDA COPPER Co., Ltd (KAIDA) is a large-scale international, professional and brass casting enterprise
Mainly engaged in R&D, designing, manufacturing and sales, covering die-casting, Forging and hardware,
Drainage system, bathroom sanitary, pressure fitting system and more other industries

CASTING

ISO9001
Quality Standard

4 lines
Production Lines

5g-5000g
Machining Accuracy

1200-1500Tons
Annual Output

FORGING

ISO9001
Quality Standard

8 lines
Production Lines

10g-22000g
Machining Accuracy

2000-3500Tons
Annual Output

CNC

Some Machining Processes We Offer :
Turning, Milling, Drilling, Laser cutting, Plasma cutting, waterjet cutting.

- We provide CNC machining services of any complexity for the production of both small and large series of parts.
- Select from a variety of finishes on solid metal, built to precise design specifications.
- Our QA department performs strong quality assurance.

PVD

PVD (physical vapor deposition), which refers to the low-voltage and high-current arc Discharge technology under vacuum condition. Gas discharge is used to vaporize the Target and ionize the vaporized substance and gas, and the vaporized substance And its reaction products are deposited on the workpiece By the acceleration of the electric field.

Kaida has its own PVD assembly line, providing more than a hundred colors, and can also customize its own colors.

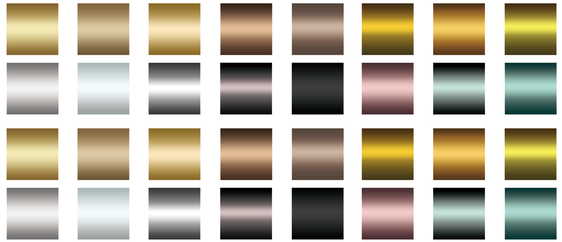
PLATING

What is electro**Plating**?
Electroplating refers to process of adding asurface layer of metal to another metal. It is oftenused to prevent corrosion and rust, and can giveproducts a better finish to enhance their visualappeal.

Kaida has electroplating experience for more than 3000 different products, and the technology is very stable and reliable.

CUSTOM COLOR

Kaida Offer Over 100 Color Choose



Brass Bathroom Sanitary

WE MANUFACTURE ALL TYPES OF BRASS BATHROOM HARDWARE, INCLUDING BRASS FAUCETS, BRASS ANGLE VALVES, BRASS SHOWERS, BRASS TOWEL RAILS, BRASS SHELVING, BRASS PAPER TUBE HOLDERS AND MORE.

Brass Electrical Parts

WE MANUFACTURE ALL TYPES OF BRASS ELECTRICAL PARTS INCLUDING BRASS POWER SOCKETS, BRASS DIMMER SWITCH ACCESSORIES, BRASS TURNING COMPONENTS AND MORE.

Brass Auto Parts

WE MANUFACTURE BRASS AUTO PARTS FOR ENGINES AND FUEL SYSTEMS. JUST SEND US YOUR DRAWINGS OR SAMPLES AND WE WILL HELP YOU SAVE A LOT.

Brass Precision Parts

OUR BRASS PRECISION COMPONENTS MEET HIGH QUALITY CASTING AND MILLING STANDARDS. FOR OVER 20 YEARS WE HAVE BEEN SUPPLYING DIFFERENT PRECISION COMPONENTS.

Brass Ornament

WE MANUFACTURE BRASS ORNAMENTS IN DIFFERENT SHAPES AND SIZES WITH MORE THAN 20 YEARS OF EXPERIENCE, INCLUDING SURFACE COLOR TREATMENT.

Brass Lamp Parts

WE MANUFACTURE ALL BRASS LAMP PARTS, PENDANT LAMP PARTS, BRASS LAMP SOCKETS, ETC. WE ARE AMERICA'S LEADING SUPPLIER OF BRASS LIGHT PARTS.

Brass High Pressure Fittings

THE HIGH VOLTAGE ACCESSORIES WE PRODUCE MAINLY INCLUDE HIGH VOLTAGE FUSE COMPONENTS.

Brass Furniture Hardware

WE MANUFACTURE DIFFERENT BRASS FURNITURE HARDWARE INCLUDING BRASS DOOR HANDLES, BRASS DOOR LOCKS, BRASS KNOBS, BRASS WALL HOOKS, BRASS KITCHEN HARDWARE AND MORE.

Brass Plumbing Fittings

WE MANUFACTURE MOST BRASS PLUMBING FITTINGS FROM BRASS FORGINGS. YOU CAN TRUST US FOR ALL YOUR BRASS PLUMBING FITTINGS.

More Industries

NOT ONLY DO WE SERVE THESE INDUSTRIES, ALL BRASS PRODUCTS ARE MADE OF BRASS, WE CAN ALWAYS CUSTOMIZE THEM. YOU DESIGN IT, WE WILL MAKE IT

WE SERVE THE WORLD ,SINCE 1986...

OUR ADVANTAGE

CUSTOMIZED MATERIALS

Copper : T2
Lead-free copper :
C26000/C27000/C28000/C46500
C69300/C6802/C89580/
Low lead copper :
C33500/C36500/C37100/
Lead brass :
C37710/C38500/CW602N/CW614
C35200(DR 黄)/CW617/HPb51-9

TECHNICAL SERVICES

KAIDA is equipped with national laboratory testing center, and it has more than 30 R&D technical engineers, with rich research and development experience in and forging.

PRODUCTION EQUIPMENT

KAIDA has its own
CASTING WORKSHOP
FORGING WORKSHOP
CNC CENTERE
POLISH WORKSHOP
SURFACTRE TREATMENT CENTER
PVD WORKSHOP
More in developing.....

QUALITY CONTROL

KAIDA has fully all-staff performance management mode and amoeba operation mode, pursues efficient operation, implements ERP informatization management, eliminates all waste.

COLLECTING MATERIALS

Complete raw material supply chain

COPPER

CUSTOMIZED MATERIALS

RAW MATERIAL SUPPLY

OUR SOLUTIONS

▲ Laboratory equipment, measuring equipment instruments

KAIDA is equipped with national laboratory testing center, and it has more than 30 R&D technical people

Among which there are more than 15 full-time R&D engineers with rich research and development experience in die casting, forging, and hardware. Laboratory covers an area of about 800 square meters, according to national recognition ISO17025,equipped with in line with the EN, CSA, AS testing standard and other advanced testing equipment,including Germany OBLF material analyzer, metallographic analyzer, compression testing machine and so on more than 30 domestic and international advanced testing equipment
