About Us

CoreVip, as an Italian high-end decorative design brand, is a furniture and interior panel design and production enterprise that focuses on aesthetics and technological innovation.

Guided by a brand philosophy that harmonizes natural artistry with design aesthetics, we curate and optimize materials for global consumers, while developing and designing home products that resonate with the aesthetic sensibilities of the people.

We redefine luxury through refined minimalism — empowering better living, one home at a time.

Italian Aesthetics

Brand: Italy · CoreVip

Substrate: PB / MDF

Environmental Grade: F★★★★

Dimensions: 2070*2800mm / 1830*2800mm
1220*2440mm / 1220*2745mm

Thickness: 9/12/18/22/25 mm

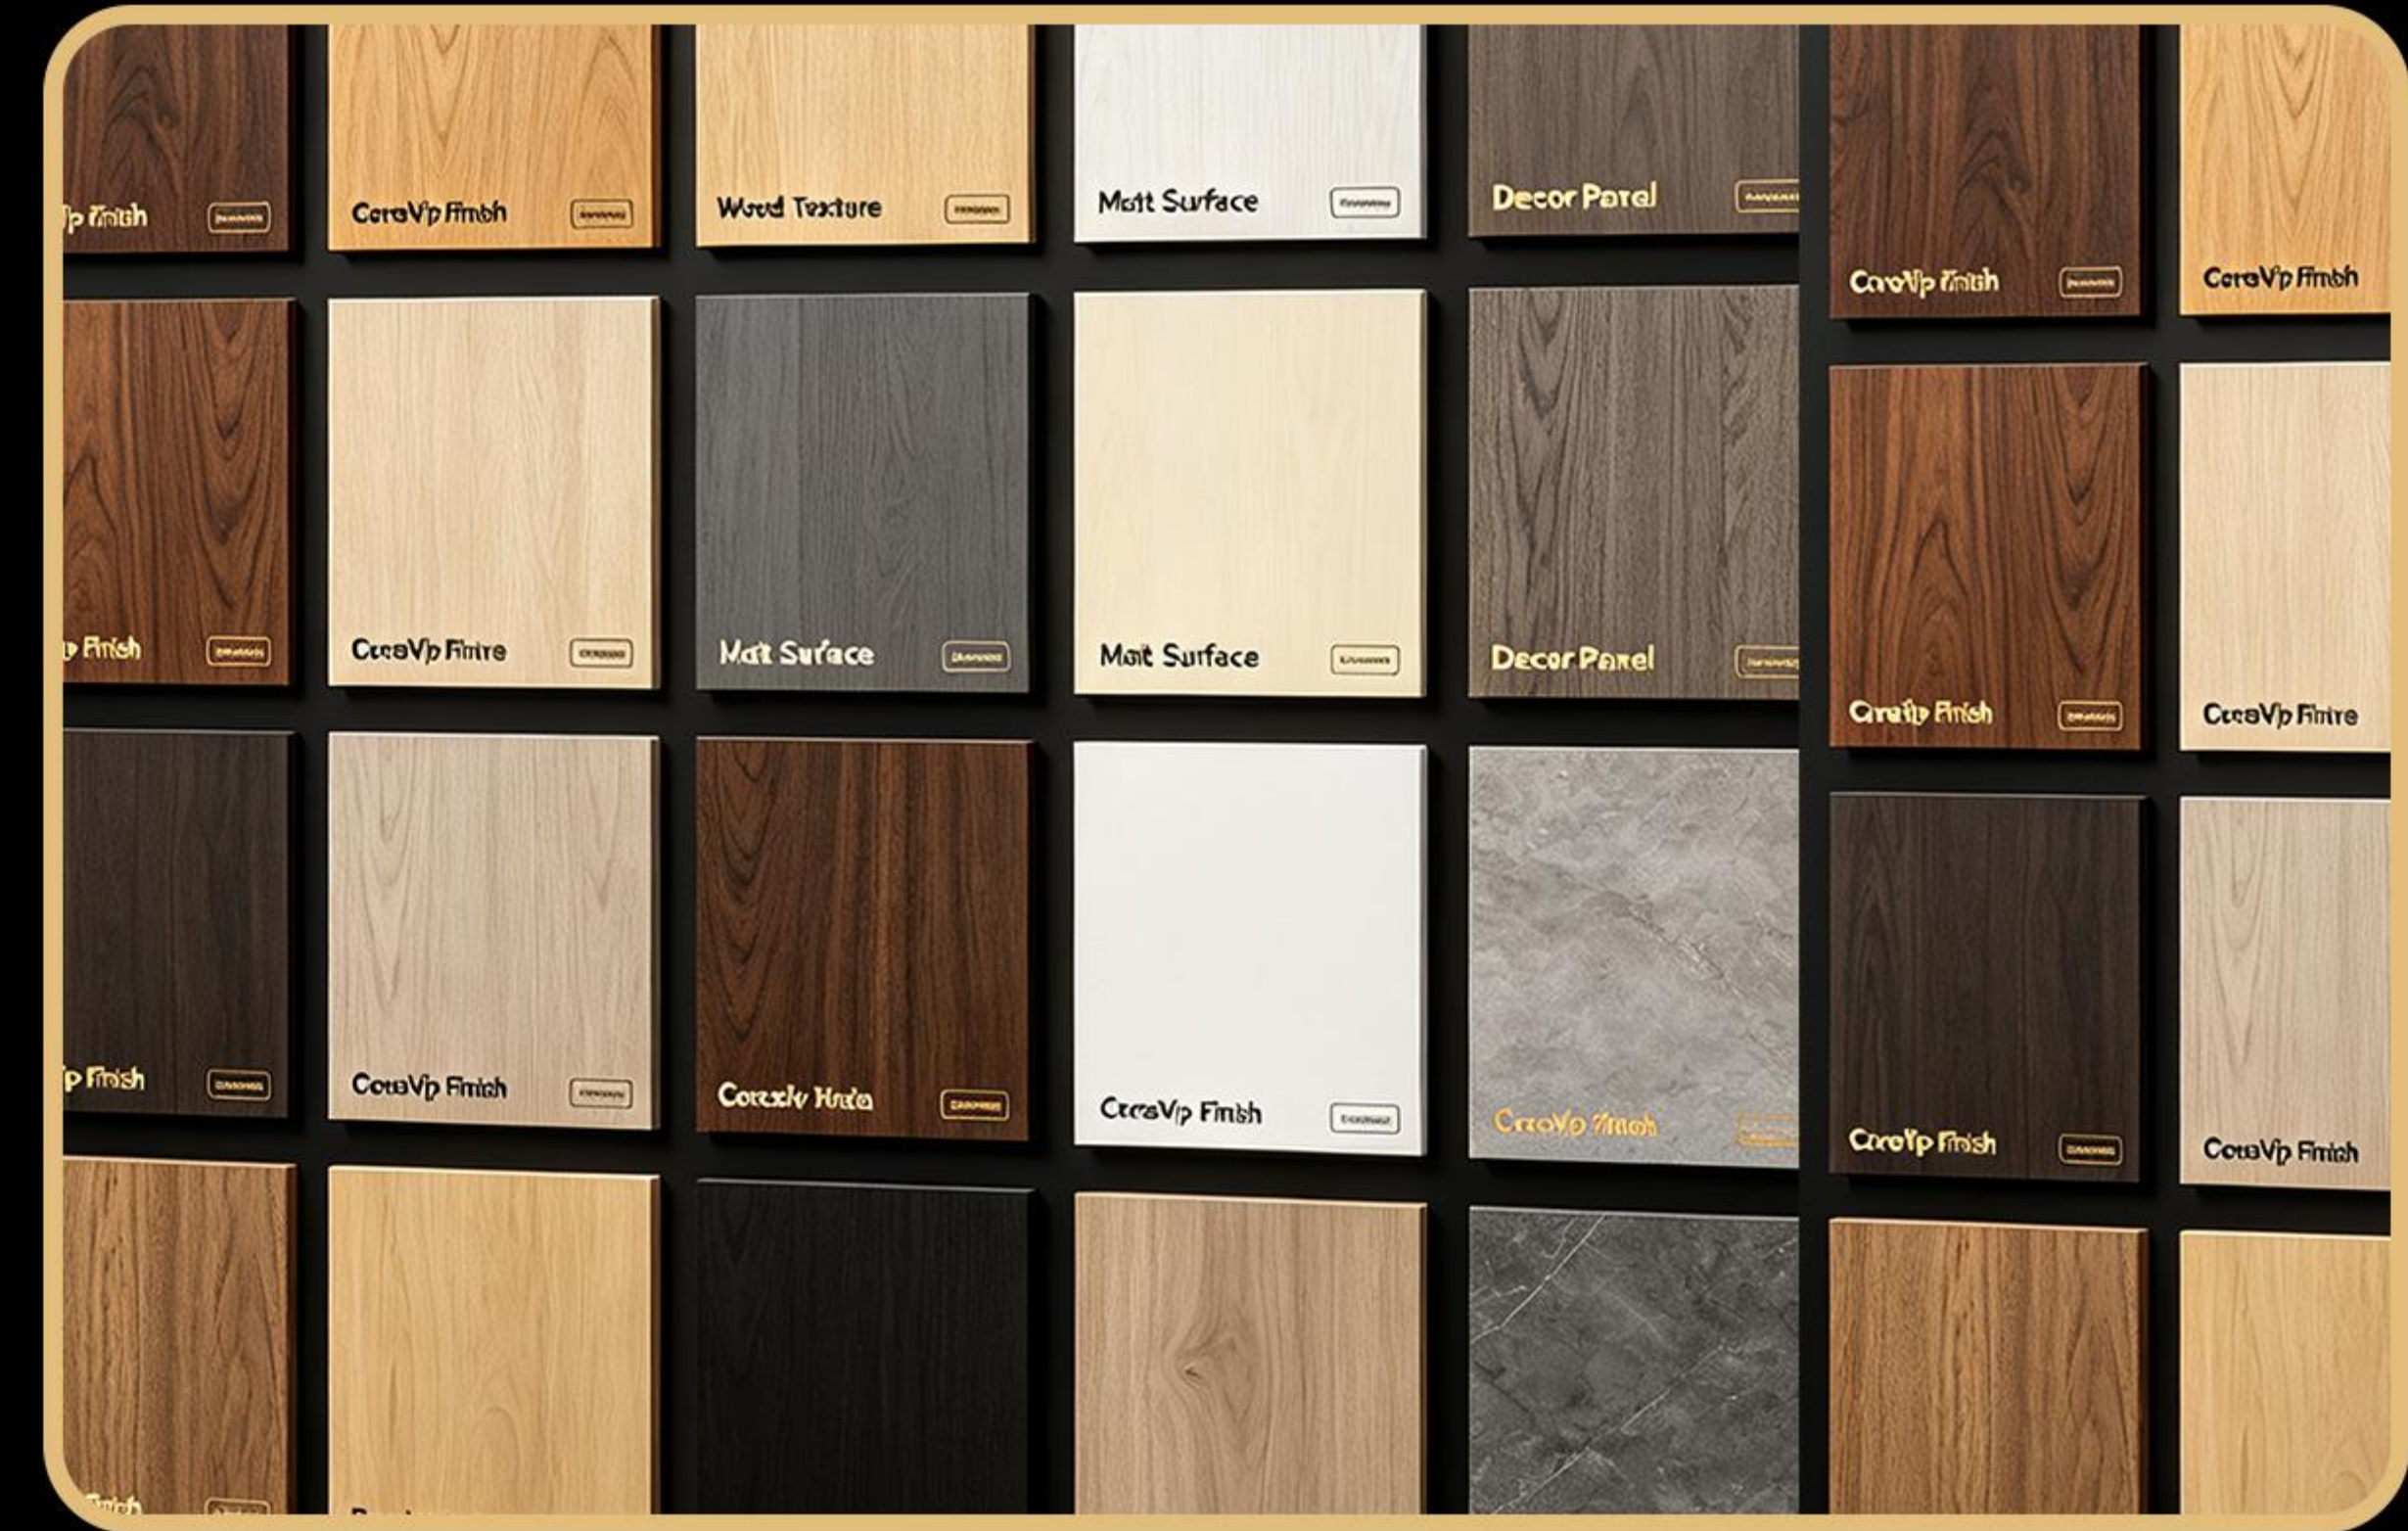

Key product features

1-From Italy. A brand that better suits the aesthetics of our time.

2-DOSB substrate, with moisture resistance rating reaching P10, and meeting three standards simultaneously: F★★★★, ENF, and TVOC.

3-The substrate is made from a single wood species, with the bark removed for purity and subjected to odor-neutralizing treatment, allowing occupancy immediately after renovation.

Spatial Solutions through Multi-Material System Development

Our product range includes lacquer-free boards, leather panels, fabric panels, premium painted boards, metal panels, high-gloss boards, and more, enabling systematic coordination of doors, walls, and cabinetry.

Curved panels and matching accessories

We offer a full range of coordinated curved panels, provide custom processing services for curved panels, and accept global orders for curved panel solutions.

Tivoli Travertine

Travertine is sunlight frozen in stone, and time weathered into form.
With its most unpretentious voids, it bears the weight of history;
with its warmest hues, it softens the edges of space—
infusing modern life with a quiet, poetic touch from antiquity.

Product model
VS-1818

Oak veneer

It is poetry written by the earth
and warmth distilled by time.
With its clear, mountain-like grain
it tells the memory of rings—the story
of a tree's slow growth
through the years.

Calfskin veneer

It is a poetic texture bestowed by nature,
and a luxurious feel refined through
craftsmanship.

distilled by time.

Elm veneer

It is a defiant verse penned by the northern earth
and a rustic ballad brewed by the long passage
of time.

Wavy texture

The wavy texture lends a flowing visual rhythm to the wood veneer.

The undulating surface reveals rich layers of depth under light and shadow.

The organic irregularity of the wave pattern celebrates the raw vitality of wood.

Satin Metallic Finish

Like moonlight falling upon frosted silver—a hazy
glow emerging through the mist
coolness concealing a trace of warmth.

Charcoal Black Knife-Cut Grain

The surface features a knife-cut charcoal black texture
raw, rugged, and intensely tactile.
deep, bold, and visually striking.

All Love Four-Way Repeat Fabric Texture

Woven to the grain, this texture unfolds endlessly across horizontal and vertical planes—seamless, continuous and crafted for grand-scale spaces.

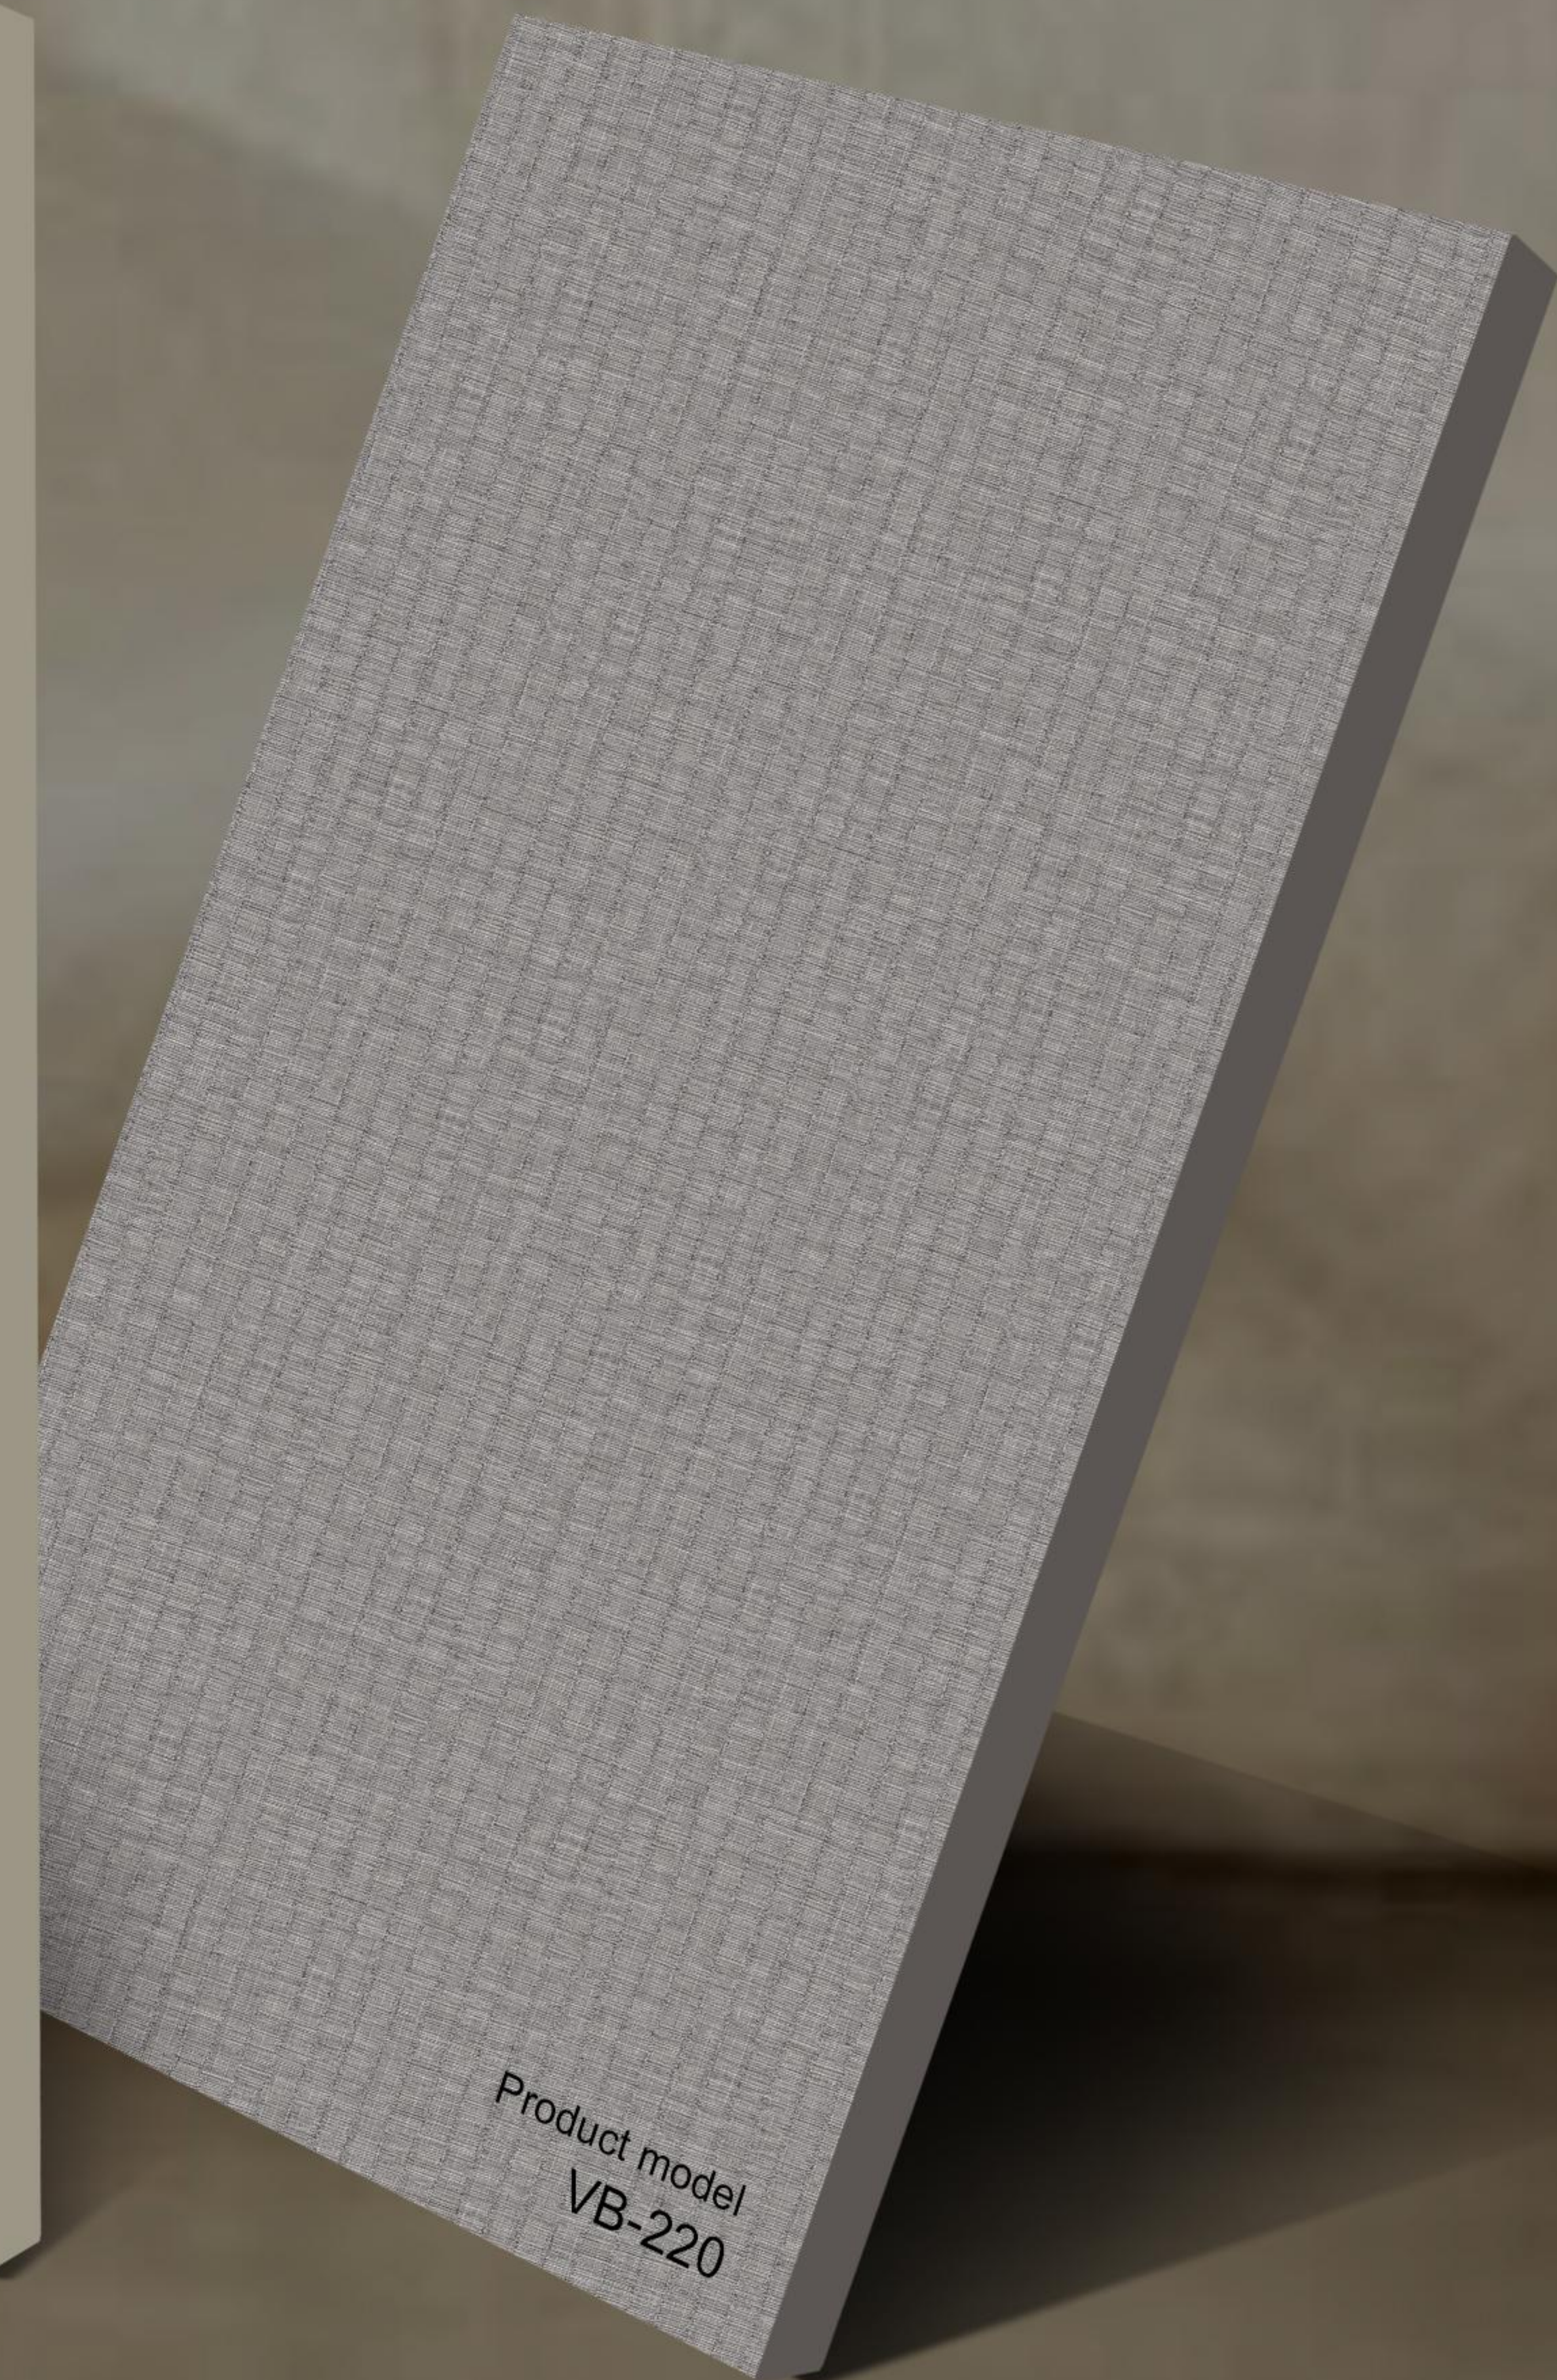

Fabric Texture

Delicately woven warp-and-weft grain,
like linen unfurling in the morning light,
like cotton flowing beneath the fingertips.

Horizontal grain finish

Breaking free from the constraints of the traditional vertical axis
it unfurls across the wall with the visual tension
of a terrestrial terrace
composing a quiet and soothing "horizontal rhythm."
Each grain is a slice of time, bestowing
upon the space a sense of poised and multi-layered narrative.

Sandstone

Its surface, subtly grainy like millennium-weathered rock strata, conveys a tangible thickness of time between fingertips and sight.

Poised between black and white, the gray tone neither competes nor withdraws — yet in its most silent composure, it endows every inch of the space with a breathing texture.
