ABOUT US

Established in 2010.

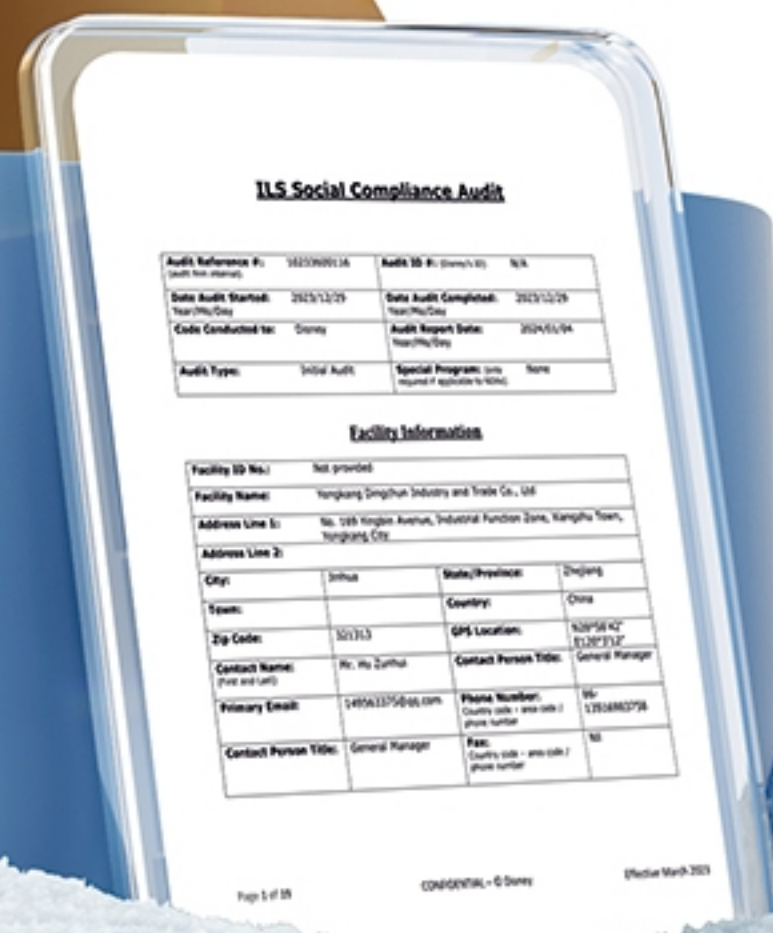

Dingchun has 14 years' experience on drinkware, in house designers and engineer working for our OEM and ODM projects.

We are a modern company specializing in the R & D, manufacturing and export of drinkwares. At present, it has a manufacturing base with an area of more than 20,000 square meters and more than 180 workers in the factory. We have a middle and senior manager teams over 30 persons, with an average age of around 30, both are young and professional.

The goal of Dingchun is to be the largest production base of coffee mugs and travel mugs, and Dingchun is making this goal be closed by interesting in continual innovations.

To best satisfy the consumers, Dingchun tries its best to delivery value and exceeds the consumers' expectations. Dingchun keeps on making the drinkware and home improving.

Looking forward to long-term cooperation with you.
