

## FAT-8Y4

### Fiber Access Terminal for Pre-connected Drop Cable

#### .Applications

- Adopted pre-connected cable technology which makes FTTH deployment and maintenance efficient and convenient. Special for pre-connected cable.
- Applicable for the FTTX project and provide mechanical protection for fiber management system that includes the functions of splicing, patching and passive component integration.
- IP67, suitable for outdoor.

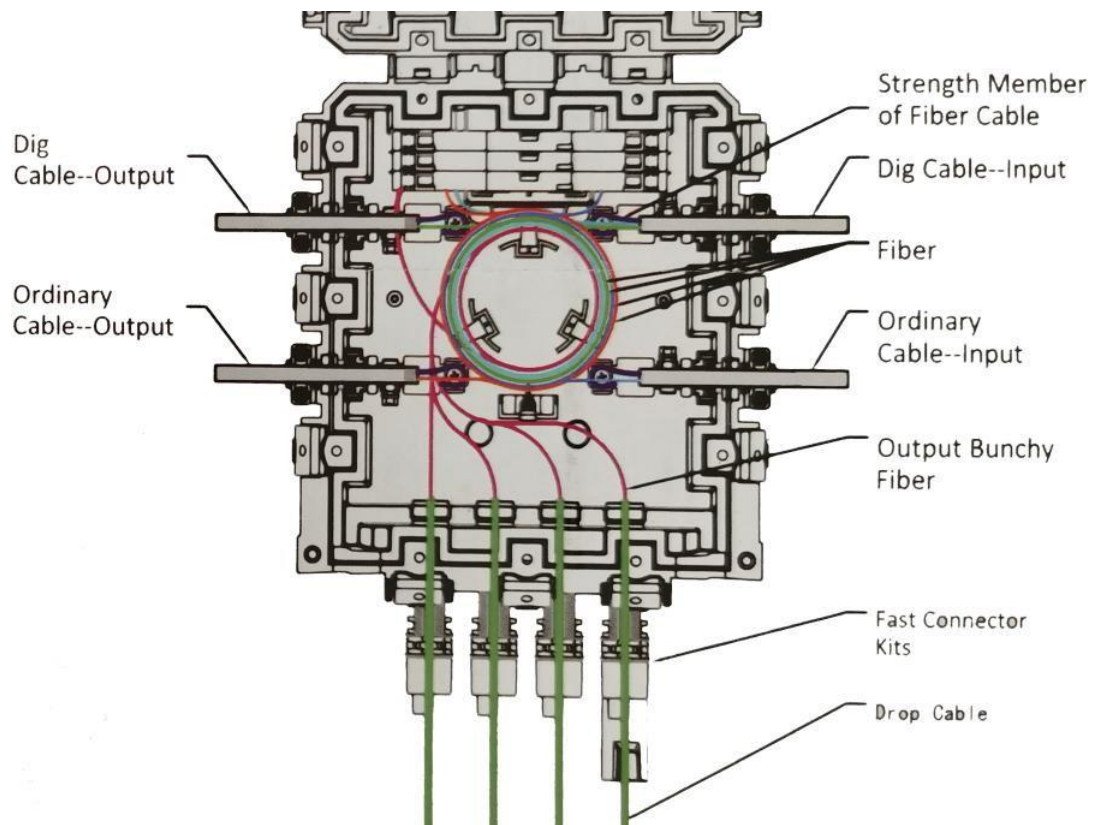

#### Specifications

Part Number	FAT-8Y4
Dimensions (mm)	320*240*128
Color	BLACK
Splitter in the tray	Micro PLC Splitter 1x8
Splice capacity	3x 6/12FO
Feeder cable	4 x $\phi$ 14 mm
Drop ports	8 SC for pre-connected drop cable
Mounting way	Wall mounting or Pole mounting
IP protection grade	IP67

### Features & Benefits

- Drop cable Plug-and-play,
- No need to open the box when connecting the pre-connected drop cables
- Separated splicing and distribution area
- Faster cable routing and sealing module make installation efficient
- IP67 protection also for drop cables with Fast Connect connectors
- Compact size.
