

2025 OUTDOOR KITCHEN SYSTEM COLLECTION

2025 Outdoor Integrated Kitchen and All-in-One Modular Series

ARCHITECTURAL LUXURY FOR MODERN OUTDOOR LIVING Elevate your architectural landscape with SUNC ’ s premium modular outdoor kitchen systems. Engineered for seamless integration under pergolas or sunrooms, our system features 7 configurable modules offering unmatched layout flexibility, elite weather performance, and sleek modern aesthetics.

CLASSIC LAYOUTS & DESIGN CONCEPTS

STYLE A: THE INLINE MODERN KITCHEN

- Premium Finishing:** Front-facing fingerprint-resistant finish in sophisticated dark khaki/sage green, paired with a seamless stainless steel countertop.
- Smart Engineering:** Equipped with a built-in basin tank, double-layer drawers, smooth heavy- duty casters, and specialized rear ventilation louvers for hassle-free utility routing.
- Application:** Sleek flush-to-wall installations or inline setups under a motorized louvred pergola, optimizing culinary flow without sacrificing space.

STYLE B: THE GREAT WALL SLAT BAR COUNTER

Architectural Back-Panel: The guest-facing side boasts our signature "Great Wall" vertical ribbed slat cladding in sleek black, adding a striking tactile and visual dimension to any landscape design.

Application: Center-stage pool islands or patio bar setups, turning a storage unit into a luxurious interactive social hub.
