Generator trailer

Size(mm)	load(kg)	Damping mode	Brake	attachment
Customizable size	1000-3000	Steel plate assembly	Mechanical brake, electric brake	Trailer jack, tail-light

The trailer is equipped with front and rear axle, front axle steering, suitable for air compressor, generator set, all kinds of equipment supporting use, all sizes can be produced according to requirements.

Low speed frame trailer

Size(mm)	load(kg)	Damping mode	Brake	attachment
Customizable size	1000-3000	Steel plate assembly	Mechanical brake, electric brake	Trailer jack, tail-light

The trailer is equipped with front and rear axle, front axle steering, suitable for air compressor, generator set, all kinds of equipment supporting use, all sizes can be produced according to requirements.

Frame trailer

Size(mm)	load(kg)	Damping mode	Brake	attachment
Customizable size	1000-3000	Steel plate assembly	Mechanical brake, electric brake	Trailer jack, tail-light

The trailer is equipped with front and rear axle, front axle steering, suitable for air compressor, generator set, all kinds of equipment supporting use, all sizes can be produced according to requirements.

Mini excavator trailer

Size(mm)	load(kg)	Damping mode	Brake	attachment
Customizable size	1000-3000	Steel plate assembly	Mechanical brake, electric brake	Trailer jack, tail-light

The trailer is equipped with front and rear axle, front axle steering, suitable for air compressor, generator set, all kinds of equipment supporting use, all sizes can be produced according to requirements.

Containers, house trailers

Size(mm)	load(kg)	Damping mode	Brake	attachment
Customizable size	2500-6000	Steel plate assembly	Mechanical brake, electric brake	Trailer jack, tail-light

The trailer is equipped with front and rear axle, front axle steering, suitable for air compressor, generator set, all kinds of equipment supporting use, all sizes can be produced according to requirements.

European style, house trailers

Size(mm)	load(kg)	Damping mode	Brake	attachment
Customizable size	1000-3000	Steel plate assembly	Mechanical brake, electric brake	Trailer jack, tail-light

The trailer is equipped with front and rear axle, front axle steering, suitable for air compressor, generator set, all kinds of equipment supporting use, all sizes can be produced according to requirements.

All-aluminum trailer

SIZE(ft)	Platform size(mm)	Load(kg)	Axle	轮胎
8*5	2438*1523*475	750	1	165/70R13
